SAUVAGE**

EDUCATIONAL WORKSHOPS

Planète Sauvage is an animal centre adapted to every school level. It is an ideal place for a true learning project offering the chance to observe and understand, while at the same time having fun.

Live an unforgettable visit through a safari trail ! Your guide tells you all the secrets about the animals. After a 2-hour long trip, discover the marine area with dolphins. Over 150 species and 1 000 animals are on offer to our young visitors, including mammals, reptiles and birds.

DO NOT MISS IT !

New: Dolphins in the marine area
1 000 animals from the 5 continents
A guided tour in a 4-wheel vehicle
A 5-hour long visit
The jungle bridge over a macaque tribe

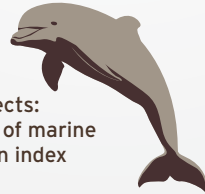

THE SMALL SCIENTISTS

- Duration: 45 min
- Level: Primary school (from 4 to 6 years old)
- Aim: Sensory awakening and introduction to biodiversity
- Based on these characteristic features (feathers, scales, fur...), children will discover the three main groups in the animal kingdom: reptiles, birds and mammals. An introduction to biodiversity illustrated by raccoons, meerkats, parrots, flamingos and tortoises.

THE SMALL OCEANOGRAPHERS

- Duration: 1 hour
- Level: Primary school (from 4 to 10 years old),
- Aim: Discover marine mammals and issues surrounding the species protection.
- In 4 groups, children work on different subjects: anatomy, behaviour, evolution and protection of marine environment. Groups receive a kit, included an index form various materials to realize a poster. Children discover the universe of marine mammals through during a guided tour of the great exhibition in the underwater gallery. The workshop includes a VIP session by observing dolphins.

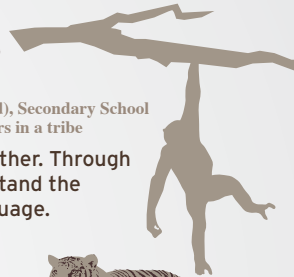

VETERINARY APPRENTICES

- Duration: 45 min
- Level: Primary school (until 4 years old)
- Aim: Sensory awakening
- Children will share a privileged moment with an animal keeper: feeding time for small animals. In the bush village, children will help to prepare a herbivore, carnivore and an omnivore feed: they will learn about the main alimentary regimes.

SCHOOL OF MONKEYS

- Duration: 1 hour
- Level: Primary school (from 4 to 10 years old), Secondary School
- Aim: Discover communication and behaviours in a tribe
- All animals communicate all together. Through this workshop, children will understand the monkeys' communication and language.

THE JUNGLE KINGS

- Duration: 1'30
- Level: Primary and secondary School
- Aim: Discover the different steps in the food chain
- On the safari trail, children will know the different steps in the food chain, from preys to predators. They will discover their behaviour and validate their knowledge thanks to a quizz.

INITIATION TO MARINE MAMMALS

- Duration: 45 minutes
- Level: Primary school (from 2 to 6 years old),
- Aim: Awakening the senses
- In the underwater gallery, children will discover the anatomy of the dolphin and compare it to their own. What is a fin? How does a dolphin breathe? Where is its mouth? Next, the children will learn that different animals live in their own environment.
